The recording of meeting minutes was suspended from March through the rest of the year based on the Secretary's inability to perform her duties. In her filed letter, she cited the following: "Because the meetings were held out-of-doors in public facilities, I found it difficult to hear the issues, near impossible to record the topics, and quite frustrating to keep up with the disjointed format." The Director and Treasurer were notified of her decision.

To comply with National HOG requirements, the group's "sub-chapter name" was changed to "Hells Canyon" and the chapter name was changed to "Intermountain".
